

Testimonials for Frozen Ropes

October 24th, 2009

J pitched great in the game he started in pool play, throwing a no hitter (won game in 4 innings). We played the same team again in first round of playoffs. He had one walk. He had kids bailing on the cutter. His confidence was going pretty good. He did ok at the plate batting .333. Usually bats around .600. All in all it was a good trip.

Thanks again for all the help you do with him on his pitching mechanics. After the game he pitched, he said "Coach Joe would have liked my cutter today!" I just laughed...

See you soon,
Ron

....(San Diego's baseball's best kept secret) a great softball and baseball facility called "Frozen Ropes". I have personally been using Frozen Ropes for my son and I can not tell you how impressed I have been with the level of professionalism and knowledge of the staff at Frozen Ropes. They have brought together some of the best instructors I have come across! Ex Po Ball, college, and coaches who have experienced baseball at the highest levels.

They offer programs for kids from 3 years and up... You can put together a group of 4 or more players to join together and structure the time and day that works best for you. The cost is very affordable.

I would not promote Frozen Ropes if I did not feel as strong as I do about their commitment to the youth in our communities, the knowledge of their staff, and the programs they offer. As some of you know I have attended many camps and programs to learn to be the best coach I can for our kids. **If you want to learn the best baseball teaching techniques available today, you must see what is going on over at Frozen Ropes!**

There's more I could say but you just have to see it yourself.

Just wanted you to know that M.'s tune up last Wednesday worked. He pitched three scoreless innings on 39 pitches and struck out 6.

Thanks for all your help!

Just a follow-up note from J.'s hitting lesson with you on Sunday morning to let you know that he really enjoyed your instruction. He's a bit shy and doesn't talk much, but I believe your instruction has given him an even greater interest in the game. He had me out throwing batting practice all afternoon after the lesson and was the last one off the field yesterday at practice. He was smacking the ball in BP (including a home run) and came over to me and said "See, all that practice is paying off." As you know, it's fun to see their excitement....

Thanks again,
Tom

I would like to thank you for helping K. get ready for her first season of softball. The hitting and fielding fundamentals taught by [FR instructors] made it an awesome first season. I would highly recommend the "Girls Night Out" program to any first time softball player. Good job and looking forward to working with you guys again.

I would like to have T. come up to Frozen Ropes when school is done.... A kid by the name of Evan from the Show has been having hitting lessons at your place and he is crushing the ball! Thanks, let me know ASAP so I can get this all scheduled.

Thanks for your help with my pitching. On Saturday I got my first chance to pitch in a game, I pitched the second inning and struck out three batters in a row, I only threw ten pitches. And I kept my glove in the box. It was really cool. I also only threw one ball :) and every one was crowding me giving me hi fives! The inning only lasted five minutes!

Thanks for checking on J. That day J. was out playing catch with Jv. and Jv. drilled him in the ankle. His ankle swelled up pretty big. He's okay now. We played a tournament last weekend and won. J. threw a **no hitter** in the championship game with 10 K's. First inning he threw about 20 pitches, but settled down after that. He was pretty pumped of course! :)

Just wanted to let you know that we won the World Series in Omaha. Played two tough in the semi-finals and finals. J. pitched in the championship game and threw 4 innings. He looked really good. He made a few kids jump out the box on called strike cut fastball between 62-64mph on the gun. Thanks for all the work you did with him...

Thanks,

Thanks for the feedback...A. really enjoyed the week and felt he got a lot out of it. As you know we did player development last winter at Frozen Ropes and plan to be back soon for additional instruction and practice. We have had all positive and productive experiences with A.'s time at the facility.

Regards,
Al

My boys had an amazing learning experience at your camp. It was like nothing they had ever experienced in baseball. I loved their enthusiasm in the program. Thank you so much for your great staff, training, and your personal player evaluation for each of my sons and recommendations. Again, are so happy to have had the opportunity to participate in the Frozen Ropes pitching camp. We give it a big thumbs up, and would highly recommend it to all athletes interested in developing sound skills.

Thank you, thank you, thank you!

It was a pleasure to meet you all and I wanted to thank you all for the past couple weeks of your time and commitment to work with the boys and Z. You make up a great staff of coaches and your commitment and desire to work with kids shows. Thank you for allowing me to hang out and learn from you as well....

Thanks again,
Ed

Thank you for starting this summer program. We are honored to be able to participate! M. had a great summer & I can't wait for next year to do it again. You are such a great role model to the boys; I know M. will always fondly remember this summer as "the summer of baseball"! Please count on us for any help you need in the future!

All our best,
Tiana & Ernest
